

**Vice President for University Advancement & Executive Director of the University
Foundation
University Located in Alabama**

Reporting directly to the University President and serving as Executive Director of the University's Foundation, the chosen Vice President for Advancement will enjoy broad autonomy to advance innovation programs backed by solid financial resources, administrative, faculty and community support, and board level commitment to success. Chosen candidate will collaborate with university trustees, the alumni board and the foundation board to positively impact the comprehensive advancement activities of the University and will be responsible to oversee and orchestrate capital campaign to fund the construction of a fine Arts Center, several Endowed Chairs, scholarships, athletic programs, and more. Undergraduate degree required, advanced degree a plus.
